Sound : In the 1920s, the development of electronic sound recording technologies made it practical to incorporate a soundtrack of speech, music and sound effects synchronized with the action on the screen.citation needed The resulting sound films were initially distinguished from the usual silent moving pictures or movies by calling them talking pictures or talkies.citation needed The revolution they wrought was swift. By 1930, silent film was practically extinct in the US and already being referred to as the old medium.citation needed

Education and propaganda Main articles: Educational film and Propaganda film. Film is used for a range of goals, including education and propaganda. When the purpose is primarily educational, a film is called an educational film. Examples are recordings of academic lectures and experiments, or a film based on a classic novel. Film may be propaganda, in whole or in part, such as the films made by Leni Riefenstahl in Nazi Germany, US war film trailers during World War II, or artistic films made under Stalin by Sergei Eisenstein. They may also be works of political protest, as in the films of Andrzej Wajda, or more subtly, the films of Andrei Tarkovsky. The same film may be considered educational by some, and propaganda by others as the categorization of a film can be subjective.

The Academy Awards and Golden Globe Awards modified their eligibility criteria for their 2021 editions, as they usually require that a film be screened theatrically for a minimum length of time. The Hollywood Foreign Press Association mentioned that films released via non-theatrical means such as digital would be eligible if they were scheduled to have a bona fide theatrical release in Los Angeles after March 15 with a cutoff date to be determined.³⁴³⁵³⁶ The Best Foreign Language Film award would similarly offer eligibility for films originally scheduled for a theatrical release in their country of origin between March 15 and a date to be determined.³⁷ The 93rd Academy Awards would also allow films

released via password-protected or transactional video on demand to be eligible if they were originally scheduled to have a theatrical release. Once cinemas have sufficiently resumed operations, the requirement that a film be screened for at least a week would be reinstated. In addition to Los Angeles, eligible screenings would also be allowed to take place in one of five other major U.S. cities.³⁸³⁹
